Books of Five Banks Are Subpoenaed

WASHINGTON (AP) — An Interstate Commerce Commission examiner subpoenaed top officials of five banks and brokerage houses today to supply voting and ownership records of hidden stockholders in a group of western railroads. It was the first time that a commission official had gone so far to clear up the question of who actually owns some of the nation's largest railroads. Examiner Nathan Klittenic issued the subpoenas in the case of the Chicago, Rock Island & Pacific Railroad which several midwestern lines are seeking to control or—in some cases, dismember. Klittenic shocked some of those present at ICC hearings on the case when he ordered copies of the commission's names and addresses of the real owner of 1,000 or more shares of stock in the Union Pacific, Northern Pacific, Santa Fe, Chicago & North Western and Denver & Rio Grande Western railroads. He issued subpoenas to Francis J. Lyons, partner in Hoid & Washington; Arnold McLough, partner in Cudd & New York City; T. C. Lewis, partner in Sigler & Co., New York City; J. Eugene Banks, partner in Brown Brothers Harriman & Co., New York City, and James E. Thompson, president, Thrill Lynch, Pierce, Fenner & Smith, New York. Hoid, Sigler and Cudd are three names—or actually 150 companies—used by banks for convenience in administering securities held in trust for other capacities for other individuals or organizations. Banks traditionally have refused to make public the names of actual owners of these securities, although in many cases holdings listed to these companies are vast. Hoid is a name used by Riggs National Bank, Cudd is used by Chase Manhattan Bank and Sigler is a name used by Manufacturers' Trust Co.

Trumbo ran unsuccessfully for president in 1963 while representing an anti-Faibus faction. He was beaten by John Downing, then an aide to Fau-

BOMBERS IN From (Page 1)

North Vietnam before Johnson on April 1 ordered them to stay south of the 20th parallel of latitude.

Ten days later the President, in a move never publicly announced, put the northern limit for bombings raids at the 19th parallel, 170 miles north of the demilitarized zone. The curtailment was aimed at inducing the North Vietnamese to open peace negotiations.

The deepest reported penetration Thursday was a raid by Navy A4 Skyhawks from the carrier Enterprise on a railroad bridge one mile below the 19th parallel and 169 miles north of the demilitarized zone.

Some U.S. sources say that despite Johnson's curtailment order allowing the North Vietnamese to move war supplies with impunity down to the 19th parallel, a distance of 140 miles from Hanoi, there has been very little change in enemy truck traffic in the southern panhandle.

The U.S. Command said a limited damage assessment showed the raiders Thursday destroyed or damaged 14 bridges, 13 trucks and 16 boats, barges or sampans; cut bridges and roads in many places, and touched off several secondary explosions and fires, indicating the planes hit fuel or ammunition dumps.

The pilots reported anti-aircraft fire was light to moderate.

Testifies Man Could Have Shot Himself

WALNUT RIDGE, Ark. (AP) — Dr. Anderson Nettleship of Fayetteville, a forensic pathologist, testified Thursday that Millard M. Clark, 51, of Walnut Ridge, was not lying on a pillow in his bed when he was shot on March 18, 1967.

Nettleship was called to the stand by Fred M. Pickens of Newport, attorney for Mrs. Myrtle Clark, 47, of Walnut Ridge. Mrs. Clark is charged with first-degree murder in connection with the death of her husband.

Prosecutor David Hodges of Newport said in his opening statement Monday that Clark was lying on a pillow in his bed when shot in the back of the head.

"In your opinion, he (Clark) could not have been lying on that pillow when the shot was fired," Pickens asked Nettleship.

"No, sir, he was not," the witness answered.

Nettleship also said he felt that Clark could have fallen and shot himself in the back of the head. Nettleship said "there are a great many ways" a person could shoot himself in that manner.

Mrs. Clark's daughter, Mrs. Betty Dickey, testified that her father did not turn on the

light when he got up at night. She said he stumbled and fell many times.

3 Charged at El Dorado With Arson

EL DORADO, Ark. (AP) — Police Capt. Monroe Taylor said Thursday that three El Dorado Negro youths had been charged with arson and violation of Act 27 of 1967, the molotov cocktail act.

The youths were identified as James F. Gray, 19, Lawade Newton, 17, and David L. Curley. They were arrested Tuesday night.

The three are accused of three firebombings in El Dorado on March 6 and April 8.

Policeman Is Drowned

HELENA, Ark. (AP) — Harold Nichols, 26, a city policeman, drowned Wednesday afternoon when his fishing boat capsized in Storm Creek Lake about seven miles north of here.

A fishing companion, Buddy Corbitt, said the two had experienced motor trouble and Nichols stood up in the boat, causing it to capsize.

Both men were thrown into the water, but Corbitt managed to grab another boat tied nearby.

On Tuesday, April 16 the Leslie Hueston Post, American Legion and Auxiliary, had a joint supper meeting at the Woodman Hall. After the potluck meal had been served, the Post Commander, Robert Cox, called the meeting to order.

Cecil Weaver voiced the opening prayer, and the Preamble was repeated by all, led by Auxiliary Sergeant-at-Arms, Mrs. Cecil Weaver. Unit President Mrs. Fred Formby introduced Mrs. Homer Beyerley, the first of two speakers.

She made an interesting and informative talk on Malaysia and told of the needs of its people, especially in schools and hospitals. She showed a picture of the concrete block hospital built by the American Legion Aux-

iliary at the CARE Medical Center in Gombak.

Commander Cox introduced Rep. Talbot Feild, Jr., who told of the Legion's Child Welfare Program that has been carried on by the Legion and Auxiliary for almost 50 years. He said it was an Emergency Program for aiding needy veterans and children while the father was being processed for state welfare or while the father was in the hospital or unemployed. A lengthy discussion followed about the struggle the Legion was having to maintain this worthwhile program.

During a sort business meeting, Mrs. Formby announced the Rehabilitation and Junior Conference would be held in Little Rock Saturday, April 20. HELEN HELP US!

by Helen Bottel

SHE DOESN'T MEAN IT

Dear Helen: I work in a night club and tend bar. I'm supposed to be nice to everybody. Because I'm rather attractive and have certain ways about me, it's easy for men to fall for me. I don't want them to. It just happens.

Then the wives get furious, and sometimes marriages even go on the rocks, just because I can't help being too friendly with men.

My own marriage went bust for the same reason. My husband was in the service, and when he came back he wanted me to stay home with our five children, but I couldn't resist the good times I have at work. So he left.

Now I'm getting married again—as soon as my divorce final. But I'm afraid something will ruin it. When men become husbands they seem to change. Suggestions?—TOO FRIENDLY

Dear Friend: Only one: Remember "friendships," like charity, begins at home, so stay home and keep both where they

Engagement Announced

BARBARA GILES MCGOVERN

The engagement of Barbara Giles McGovern, daughter of Mr. Hugh McGovern Jr. and the late Mrs. McGovern of El Paso, Texas, to Mr. Albert Weisenberger, the son of Judge and Mrs. Royce Weisenberger of Hope is being announced by the bride-elect's father. Miss McGovern is a senior at Texas Christian University where she is a member of Phi Beta Phi sorority. Mr. Weisen-

berger graduated from Texas Christian University in the Class of 1967 where he was a member of Sigma Chi fraternity. He is now attending Southern Methodist University School of Law where he is a member of Phi Alpha Delta legal fraternity. The wedding will take place August 10, at Manhattan Presbyterian Church in El Paso.

something, he points out what's wrong, not what's right. My house is always clean, washing and ironing nice. I keep myself looking nice. I knock myself out on extra-special meals. Yet he'll come home and find dust on top of the refrigerator, or a wrinkle in the back of his shirt, or he'll say, "When I had this same thing for lunch today, it wasn't quite so dry."

He implies I waste time. But Helen, I sew, knit, do charity work, help with our daughters' clubs and garden, besides keeping up an eight-room house. Friends marvel at how much I accomplish, seemingly with so little effort. But not my man! If I finish a good book or have coffee with a neighbor, it's, "What a soft life wives have!" Funny thing is that he seems proud of me to others, but never says it to me.

When I ask why no praise, the answer is always, "If I don't say anything, you should know it's done right."

He is very generous, buys me everything, but he never gives a FREE compliment, and I could live for a month on one of those!

Are most men like this, and what do you do to break them of the fault—finding habit?—STARVED FOR A COMPLIMENT

Dear Starved: Yes, many men are like this. Whether from in-born fear of women ("Keep 'em in their place or they'll get the upper hand"), jealousy, male superiority, or embarrassment, the obtuse critics often choke on compliments. While they appreciate their wives—and show it in every other way but words—they somehow consider praise effeminate. Too bad they don't realize that in trying to hide their soft side, they make life a lot harder for themselves as well as their mates.

If your husband is otherwise wonderful, then meet his knocks with humor—actually, every time he finds fault, he's giving you a backhanded compliment, so smile and thank him. Kidding cures more bad habits than criticism. —H.

Mantle Has Sights on Foxx's Mark

By RON RAPOPORT
Associated Press Sports Writer

Ted Williams is looming right up ahead, but Mickey Mantle has his sights set on Jimmy Foxx.

The home-run countdown season began in earnest Thursday night when the Yankee slugger hit his first one of the season in New York's 6-1 victory over California.

It was Mantle's 519th career home run, just two short of Williams' total, which is now the fourth best ever compiled. Foxx's total is 534 and Mantle is trying for a crack at it this year.

"I don't set goals," Mantle said after the game, "but it would be nice to pass Foxx this year."

Ahead of Foxx are Babe Ruth with 714 and Willie Mays, who has 565 and is probably good for a few more yet.

"What I want to do is finish third," said Mantle, not wanting to appear greedy.

In other American League games, Oakland beat Baltimore 4-3 in 13 innings, Boston beat Chicago 3-0, Detroit topped Cleveland 5-0 and Washington edged Minnesota 7-6.

In the National League, Cincinnati took St. Louis 4-3 in 12 innings, Atlanta beat Chicago 5-3 and San Francisco beat the New York Mets 5-3.

Mantle's homer came in the fourth inning with Bill Monbouquette on base and Roy White hit another two-run homer in the same inning. Monbouquette turned in a sparkling performance on the mound, allowing just five hits, one a homer by Roger Repoz.

John Donaldson drove in the winning run for the Athletics with a sacrifice fly in the 13th for Oakland's first victory in its new stadium. The key play in the inning came when Brooks Robinson tried to force a runner at second on a bunt and failed. Had he gone to first, Donaldson's fly would have been the third out of the inning.

Jose Santiago pitched a two-hitter against the White Sox who are still looking for their first victory of the season. Santiago held the White Sox hitless for five innings.

Al Kaline, playing his 2,000th major-league game, hit a home run for the Tigers and so did Dick McAuliffe and Willie Horton. Joe Sparrma held the Indians to seven hits. Kaline's homer was his 325th, putting him one behind Hank Greenberg, who holds the all-time Detroit record.

Rod Carew was tagged out in a run-down with two out and the bases loaded in the ninth and the Twins' six-game unbeaten streak ended. The Senators scored six times in the fifth inning. Ted Uhlaender and Bob Allison homered for the Twins.

National League May Also Expand

By THE ASSOCIATED PRESS

CHICAGO (AP) — The National League may follow the American League and expand to 12 teams for the 1969 baseball season at a meeting of club owners here today.

Warren Giles, NL president, met Thursday with the league's Expansion Committee of Walter O'Malley of Los Angeles, John Galbreath, Pittsburgh, and Roy Hofheinz, Houston.

Among recommendations expected to be presented at today's session is the adding of two new franchises next year.

"It will be up to the league owners to decide what year we will expand," said Giles. "That could be Friday, or maybe later."

Giles admitted that representatives of San Diego, Buffalo, Dallas-Fort Worth, Montreal and Milwaukee were in Chicago.

So far, the only definite stand the NL has taken on expansion was to vote to do so not later than 1971.

The American League got the expansion jump with new teams in Seattle and Kansas City for a 12-team operation next year.

The junior circuit will meet in Chicago next Thursday and may form a two-division playoff plan for 1969.

Delayed NL expansion also would mean that the enlarged AL would corral more players in the draft.

Rivalry Keen Between the Celtics, 76ers

By THE ASSOCIATED PRESS

PHILADELPHIA (AP) — The intense rivalry between the Boston Celtics and Philadelphia 76ers boils down to one game tonight with the National Basketball Association's Eastern playoff championship prize.

These teams have met 16 times in the 1967-68 season, including the playoffs, and each has won eight. They are 3-3 in their current playoff series. The odd game in the best-of-7 is here because the 76ers won the regular season title.

Actually, the home court advantage has been a myth in this series thus far. Coach Alex Hannum of the 76ers rates the home court as a seven point edge. He's puzzled by the fact that each team has won twice on the other's court.

Boston, seeking to regain the title it lost last year after a nine-year reign, has to accomplish the unprecedented feat in the NBA of coming back from a 3-1 deficit.

The winner of tonight's game before a sellout crowd of better than 15,000 goes on to open the league's championship series Sunday against the Western Division champ, Los Angeles.

Lee Finds Chink in Card Armor

By HAL BOCK
Associated Press Sports Writer

Bob Lee has found a chink in the St. Louis Cardinal armor. The world champions show a definite weakness around the 12th inning.

Lee, Cincinnati's veteran reliever, picked up his second straight 12th inning victory over the Cards Thursday night and the score both times was 4-3.

In the only other National League game scheduled, Atlanta rode Felipe Alou's second home run of the game to a 5-3 ninth inning victory over Chicago, and Willie Mays' bases-loaded double drove in three runs as San Francisco rallied for a 5-3 victory over the New York Mets.

In the American League, Boston shut out Chicago 3-0, Washington tripped Minnesota 7-6, Detroit blanked Cleveland 6-0, New York topped California 6-1 and Oakland beat Baltimore 4-3 in 13 innings.

Lee worked out of a 12th inning jam and picked up Wednesday's victory when Pete Rose doubled and came in on Lee Mays' single. On Thursday, the big left-hander had to work a hit harder for the victory, going three innings before another Rose double broke it up.

Rose, who homered tying the game in the eighth, doubled Leo Cardenas across with the winning run in the 12th. Cardenas, who opened with a single, moved to second on Chico Ruiz' hit before Rose delivered.

John Edwards, traded to St. Louis by Cincinnati during the winter, drove in two runs with a double giving the Cards the lead they held until Rose's home run tied the game.

Atlanta was down to its last out, trailing Chicago 3-2 in the ninth. But Sandy Valdespino singled and pinch hitter Mike Lum tripled him home. Pete Mikkelsen relieved for the Cubs and Alou lined his second homer of the game to win it for the Braves.

"It wasn't a bad pitch," said Mikkelsen. "He just hit the heck out of it."

Alou and Clete Boyer had accounted for Atlanta's first two runs with solo homers—Boyer's run batted in was the 500th of his major league career.

Adolfo Phillips had a two-run shot for the Cubs.

It may have been a costly victory for the Braves. Slugger Joe Torre was struck in the side of the head by a pitch in the eighth inning and left the field bleeding from the nose. He was taken to a hospital for X rays.

"The preliminary examination on Torre looks good," said Atlanta Manager Luman Harris.

Mays stroked two doubles against the Mets—the second one clearing the bases in the seventh inning. That wiped out a 3-2 New York lead built mostly on pitcher Don Cardwell's two-run homer.

The Giants had loaded the bases with two out against Cardwell on two singles and a walk. Danny Frisella relieved and Mays sliced a two-strike pitch to right field for the winning hit.

The two doubles gave Mays 1,116 extra base hits in his career, tying him with Ted Williams for seventh place on the alltime list.

Travelers Again Lose to Memphis

By THE ASSOCIATED PRESS

LITTLE ROCK (AP) — Memphis' Blues got their third straight route — going performance from their starting pitcher and handed Arkansas' Travelers their third straight defeat 3-1 here Thursday night.

The Blues' Jerry Hinsley scattered five hits as the Travelers opened their Texas League season at home.

Arkansas' only run came on a home run by Billy Wolff.

Memphis scored one run in the first on singles by Rod Gaspar, Sherwin Munster and Curtin Brown and an error. The Blues went ahead for good in the fourth on singles by Joe Moeck, Lloyd Flodin and Juan Rios. They picked up an insurance run in the sixth on a single by Roy Foster, a sacrifice, a passed ball and a single by Brown.

The Travs conclude their brief home stand with a doubleheader against the Blues tonight.

El Paso unloaded five runs in the first inning and went on to a 13-3 victory over Albuquerque and Dan Walton's two-run hom-

Fate of the Olympics to Be Decided

By GEOFFREY ATKINS
Associated Press Sports Writer

LAUSANNE, Switzerland (AP) — Nine powerful men assemble this weekend to decide the fate of the Mexico City Olympic Games.

But the rug could be pulled from under their feet by the most powerful of them all—Avery Brundage, the 80-year-old Chicago millionaire who for 16 years has ruled the International Olympic Committee (IOC) with an iron hand.

The Executive Board of the IOC has to decide whether or not to accept the postal vote which admitted South Africa to the Mexico Olympics.

Over 40 nations have threatened to boycott the games if South Africa takes part. There is a strong possibility that they will be joined by the Soviet Union and the rest of the East European bloc, thus making the Olympics a farce.

A sudden decision by IOC President Brundage to fly to South Africa this week touched off speculation that he may be trying to settle the issue alone.

Rule 15 of the IOC says: "The president alone may take action or make a decision where circumstances do not permit it to be taken by the International Olympic Committee or its Executive Board. Such action or decision is subject to ratification by the committee at its next meeting."

In other words, Brundage could simply announce in Johannesburg at his scheduled press conference today: "South Africa is in" or "South Africa is out."

The next meeting of the IOC committee is scheduled to coincide with the games in Mexico City and would be much too late to change his decision. For an emergency meeting to be called, at least 25 of the IOC's 71 members must make a written application.

Records Are Getting Close for Willie

NEW YORK (AP) — Willie Mays is hitting an even .400 and the old records are beginning to get closer.

Mays chimed in with two doubles Thursday afternoon, his second coming with the bases loaded in the seventh to give the San Francisco Giants a 5-3 victory over the New York Mets.

The two extra base hits moved him into a tie with Ted Williams for seventh place on the all-time list with 1,177. Stan Musial is first with 1,377.

Mays moved past Rogers Hornsby into 10th position on the runs batted in table the other day and now has 1,582 in his record. He has passed Mel Ott in the total base standings and now ranks No. 6 with 5,049.

And, of course, his 565 home runs have been topped only by Babe Ruth's 714.

"I don't pay attention to those things," said Mays. "I let Artie (statistician Art Santo Domingo) tell me about them. Maybe I'll get lucky and get more and pass Williams."

Mays, off to a running start with 10 hits in 25 at bats, is determined to make up for that .263 last season, his poorest in the majors.

"I had a bad year," said Willie. "That's what I've been reading all winter, I was sick. Now I feel real good."

The maximum height for the Army is 6-foot-8.

The Louisville club of the rival American Basketball Association also wanted Unseld's services and claimed they had offered him \$500,000.

Celtics Hope for 3 in Row Over 76ers

By THE ASSOCIATED PRESS

The Boston Celtics, who twice have bounced back from the verge of elimination, hope to make it three in a row over the Philadelphia 76ers tonight and set another record in the National Basketball Association.

Never before in the NBA playoffs has a team won a best-of-7 series after being down 3-1. Thus it would be an unprecedented feat for the Celtics to whip the 76ers again in the deciding game tonight in Philadelphia.

Such an accomplishment would give Boston the Eastern Division final playoff title and put the Celts in position to win back the NBA championship. They had won an unprecedented eight consecutive NBA crowns until Philadelphia took the championship last year.

Tonight's winner will oppose the Los Angeles Lakers in the championship playoff series with the first game scheduled for Sunday at either Philadelphia or Boston.

Pittsburgh took the lead Thursday night in the opening of the championship series in the American Basketball Association. The Pipers beat New Orleans 120-112 to go one up in the best-of-7 playoff.

Connie Hawkins led the Pipers with 39 points and good floorwork.

The game was at the Civic Arena in Pittsburgh where the second game also will be played Saturday night. The third and fourth are scheduled for New Orleans next week.

Wisconsin Beaten by Ark. State

By THE ASSOCIATED PRESS

JONESBORO, Ark. (AP) — Freshman John Ferriell scattered eight hits as Arkansas State University defeated the University of Wisconsin 5-1 here Thursday for the Indians' 10th consecutive victory.

Ferriell is 3-0 for the season and the Indians are 13-4-1. ASU only managed five hits off Wisconsin's Mike Nickels but bunched three of them in the fifth inning.

A walk, an error and a double by Dana Ryan accounted for the Indians' first run in the fifth. Jim Callaway singled from left to third and a double steal netted a run. Wayne Pitcock singled home Callaway, Pitcock stole second and scored on first baseman Tom McCauley's second error of the inning.

Wisconsin scored in the sixth on a double by Tom Schnike and two infield outs.

Mantle Has Sights on Fox's Mark

By RON RAPOPORT
Associated Press Sports Writer

Ted Williams is looming right up ahead, but Mickey Mantle has his sights set on Jimmy Fox.

The home-run countdown season began in earnest Thursday night when the Yankee slugger hit his first one of the season in New York's 6-1 victory over California.

It was Mantle's 519th career home run, just two short of Williams' total, which is now the fourth best ever compiled. Fox's total is 534 and Mantle is trying for a crack at it this year.

"I don't set goals," Mantle said after the game, "but it would be nice to pass Fox this year."

Ahead of Fox are Babe Ruth with 714 and Willie Mays, who has 565 and is probably good for a few more yet.

"What I want to do is finish third," said Mantle, not wanting to appear greedy.

In other American League games, Oakland beat Baltimore 4-3 in 13 innings, Boston beat Chicago 3-0, Detroit topped Cleveland 5-0 and Washington edged Minnesota 7-6.

In the National League, Cincinnati took St. Louis 4-3 in 12 innings, Atlanta beat Chicago 5-3 and San Francisco beat the New York Mets 5-3.

Mantle's homer came in the fourth inning with Bill Monbouquette on base and Roy White hit another two-run homer in the same inning. Monbouquette turned in a sparkling performance on the mound, allowing just five hits, one a homer by Roger Repoz.

John Donaldson drove in the winning run for the Athletics with a sacrifice fly in the 13th for Oakland's first victory in its new stadium. The key play in the inning came when Brooks Robinson tried to force a runner at second on a bunt and failed. Had he gone to first, Donaldson's fly would have been the third out of the inning.

Jose Santiago pitched a two-hitter against the White Sox who are still looking for their first victory of the season. Santiago held the White Sox hitless for five innings.

Al Kaline, playing his 2,000th major-league game, hit a home run for the Tigers and so did Dick McAuliffe and Willie Horton. Joe Sparrma held the Indians to seven hits. Kaline's homer was his 35th, putting him one behind Hank Greenberg, who holds the all-time Detroit record.

Rod Carew was tagged out in a run-down with two out and the bases loaded in the ninth and the Twins' six-game unbeaten streak ended. The Senators scored six times in the fifth inning. Ted Uhlaender and Bob Allison homered for the Twins.

Lee Finds Chink in Card Armor

By HAL BOCK
Associated Press Sports Writer

Bob Lee has found a chink in the St. Louis Cardinal armor. The world champions show a definite weakness around the 12th inning.

Lee, Cincinnati's veteran reliever, picked up his second straight 12th inning victory over the Cards Thursday night and the score both times was 4-3.

In the only other National League game scheduled, Atlanta rode Felipe Alou's second home run of the game to a 5-3 ninth inning victory over Chicago, and Willie Mays' bases-loaded double drove in three runs as San Francisco rallied for a 5-3 victory over the New York Mets.

In the American League, Boston shut out Chicago 3-0, Washington tripped Minnesota 7-6, Detroit blanked Cleveland 5-0, New York topped California 6-1 and Oakland beat Baltimore 4-3 in 13 innings.

Lee worked out of a 12th inning jam and picked up Wednesday's victory when Pete Rose doubled and came in on Lee Mays' single. On Thursday, the big left-hander had to work a hit harder for the victory, going three innings before another Rose double broke it up.

Rose, who homered tying the game in the eighth, doubled Leo Cardenas across with the winning run in the 12th. Cardenas, who opened with a single, moved to second on Chico Ruiz hit before Rose delivered.

John Edwards, traded to St. Louis by Cincinnati during the winter, drove in two runs with a double giving the Cards the lead they held until Rose's home run tied the game.

Atlanta was down to its last out, trailing Chicago 3-2 in the ninth. But Sandy Valdespino singled and pinch hitter Mike Lum tripled him home. Pete Mikkelson relieved for the Cubs and Alou lined his second homer of the game to win it for the Braves.

"It wasn't a bad pitch," said Mikkelson. "He just hit the heck out of it."

Alou and Clete Boyer had accounted for Atlanta's first two runs with solo homers—Boyer's run batted in was the 500th of his major league career.

Adolfo Phillips had a two-run shot for the Cubs.

It may have been a costly victory for the Braves. Slugger Joe Torre was struck in the side of the head by a pitch in the eighth inning and left the field bleeding from the nose. He was taken to a hospital for X rays.

"The preliminary examination on Torre looks good," said Atlanta Manager Luman Harris.

Mays stroked two doubles against the Mets—the second one clearing the bases in the seventh inning. That wiped out a 3-2 New York lead built mostly on pitcher Don Cardwell's two-run homer.

The Giants had loaded the bases with two out against Cardwell on two singles and a walk. Danny Frisella relieved and Mays sliced a two-strike pitch to right field for the winning hit.

The two doubles gave Mays 1,115 extra base hits in his career, tying him with Ted Williams for seventh place on the all-time list.

Travelers Again Lose to Memphis

LITTLE ROCK (AP) — Memphis' Blues got their third straight route - going performance from their starting pitcher and handed Arkansas' Travelers their third straight defeat 3-1 here Thursday night.

The Blues' Jerry Hinds scattered five hits as the Travelers opened their Texas League season at home.

Arkansas' only run came on a home run by Billy Woff.

Memphis scored one run in the first on singles by Rod Caspar, Sherwin Munster and Curtin Brown and an error. The Blues went ahead for good in the fourth on singles by Joe Moeck, Lloyd Flotin and Juan Rios. They picked up an insurance run in the sixth on a single by Roy Foster, a sacrifice, a passed ball and a single by Brown.

The Trays conclude their brief home stand with a doubleheader against the Blues tonight.

El Paso unloaded five runs in the first inning and went on to a 13-3 victory over Albuquerque and Dan Walton's two-run home-

Fate of the Olympics to Be Decided

By GEOFFREY ATKIES
Associated Press Sports Writer

LAUSANNE, Switzerland (AP) — Nine powerful men assemble this weekend to decide the fate of the Mexico City Olympic Games.

But the rug could be pulled from under their feet by the most powerful of them all—Avery Brundage, the 80-year-old Chicago millionaire who for 16 years has ruled the International Olympic Committee (IOC) with an iron hand.

The Executive Board of the IOC has to decide whether or not to accept the postal vote which admitted South Africa to the Mexico Olympics.

Over 40 nations have threatened to boycott the games if South Africa takes part. There is a strong possibility that they will be joined by the Soviet Union and the rest of the East European bloc, thus making the Olympics a farce.

A sudden decision by IOC President Brundage to fly to South Africa this week touched off speculation that he may be trying to settle the issue alone.

Rule 15 of the IOC says: "The president alone may take action or make a decision where circumstances do not permit it to be taken by the International Olympic Committee or its Executive Board. Such action or decision is subject to ratification by the committee at its next meeting."

In other words, Brundage could simply announce in Johannesburg at his scheduled press conference today: "South Africa is in" or "South Africa is out."

The next meeting of the IOC committee is scheduled to coincide with the games in Mexico City and would be much too late to change his decision. For an emergency meeting to be called, at least 25 of the IOC's 71 members must make a written application.

Records Are Getting Close for Willie

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — Willie Mays is hitting an even 400 and the old records are beginning to get closer.

Mays chimed in with two doubles Thursday afternoon, his second coming with the bases loaded in the seventh to give the San Francisco Giants a 5-3 victory over the New York Mets.

The two extra base hits moved him into a tie with Ted Williams for seventh place on the all-time list with 1,117. Stan Musial is first with 1,377.

Mays moved past Rogers Hornsby into 10th position on the runs batted in table the other day and now has 1,582 in his record. He has passed Mel Ott in the total base standings and now ranks No. 6 with 5,049.

And, of course, his 565 home runs have been topped only by Babe Ruth's 714.

"I don't pay attention to those things," said Mays. "I let Artie (statistician Art Santo Domingo) tell me about them. Maybe I'll get lucky and get more and pass Williams."

Mays, off to a running start with 10 hits in 25 at bats, is determined to make up for that 263 of last season, his poorest in the majors.

"I had a bad year," said Willie. "That's what I've been reading all winter. I was sick. Now I feel real good."

Baltimore Wins Battle Financially

BALTIMORE (AP) — The Baltimore Bullets won the financial battle for Westley Unseld but the U.S. Army might get first crack at the two-time All-American's services.

Unseld, 6-foot-7 1/2 center from the University of Louisville, signed an undisclosed long-term contract with the National Basketball Association club Thursday and said he still hadn't heard word regarding the Army physical he took recently.

The maximum height for the Army is 6-foot-8.

The Louisville club of the rival American Basketball Association also wanted Unseld's services and claim- they had offered him \$500,000.

HOUSTON, Tex. (AP) — The University of Arkansas golf team won three of the four individual matches and defeated Rice 1 1/2 - 1 1/2 in a Southwest Conference match here Thursday.

The match was played during the second round of the All America Intercollegiate Tournament and replaced a match that was rained out recently.

Sammy Brown of Arkansas defeated Charles Kuehler, 3 and 2. Tom McNair of Arkansas defeated Gary Reist, 3 and 1, and teammate Jerry Lambers bested Allen Allen, 1-up. Rice's John Clarke defeated Chuck Brownfield, 2-up.

Celtics Hope for 3 in Row Over 76ers

By THE ASSOCIATED PRESS

The Boston Celtics, who twice have bounced back from the verge of elimination, hope to make it three in a row over the Philadelphia 76ers tonight and set another record in the National Basketball Association.

Never before in the NBA playoffs has a team won a best-of-7 series after being down 3-1. Thus it would be an unprecedented feat for the Celtics to whip the 76ers again in the deciding game tonight in Philadelphia.

Such an accomplishment would give Boston the Eastern Division final playoff title and put the Celts in position to win back the NBA championship. They had won an unprecedented eight consecutive NBA crowns until Philadelphia took the championship last year.

Tonight's winner will oppose the Los Angeles Lakers in the championship playoff series with the first game scheduled for Sunday at either Philadelphia or Boston.

Pittsburgh took the lead Thursday night in the opening of the championship series in the American Basketball Association. The Pipers beat New Orleans 120-112 to go one up in the best-of-7 playoff.

Connie Hawkins led the Pipers with 39 points and good floorwork.

The game was at the Civic Arena in Pittsburgh where the second game also will be played Saturday night. The third and fourth are scheduled for New Orleans next week.

Wisconsin Beaten by Ark. State

JONESBORO, Ark. (AP) — Freshman John Ferrell scattered eight hits as Arkansas State University defeated the University of Wisconsin 5-1 here Thursday for the Indians' 10th consecutive victory.

Ferrell is 3-0 for the season and the Indians are 13-4-1. ASU only managed five hits off Wisconsin's Mike Nickels but bunched three of them in the fifth inning.

A walk, an error and a double by Dana Ryan accounted for the Indians' first run in the fifth. Jim Callaway singled Ryan to third and a double steal netted a run. Wayne Pitcock singled home Callaway, Pitcock stole second and scored on first baseman Tom McCauley's second error of the inning.

Wisconsin scored in the sixth on a double by Tom Schinke and two infield outs.

Barber Eight Strokes Back at Las Vegas

LAS VEGAS, Nev. (AP) — Miller Barber of Texarkana, Ark., enters the second round of the \$150,000 Tournament of Champions Golf Tournament today eight strokes back of the leaders.

Barber shot a five-over-par 76 Thursday with nines of 36-40. Gardner Dickinson, Dan Sikes and Kermit Zarley enter today's round tied for the lead at 68.

10 Players Bunched in Vegas Meet

By BOB MYERS
Associated Press Sports Writer

LAS VEGAS, Nev. (AP) — Paced by two old pros and a member of the younger set in golf, no fewer than 10 players were within three strokes of each other today as play went into the second round of the \$150,000 Tournament of Champions.

The veterans were Cardner Dickinson, 40, and Dan Sikes, 37, and the friendly upstart was Kermit Zarley, 26, each of whom shot three-under-par 68s in the first round of action Thursday.

The weatherman promised warmer skies and abated winds following the first round chill which prevailed over the 6,703-yard par 36-35-71 Stardust County Club layout.

Deadlocked at 70, two shots behind the leaders, were five challengers, including Billy Casper and newly crowned Masters champion Bob Goodyear.

Bracketed with them in quest of the \$30,000 top money in this 16th annual spring event were 48-year-old Julius Boros, Don January and another 26-year-old contestant, Randy Glover.

Even with par 71 were George Archer and Dudley Wysong. Well back at 76 was Frank Beard, who won the T of C a year ago. The personable pro from Louisville, Ky., hit into the water hazard for a bogey 6 on the first hole.

Beard wound up with three double bogeys. The last one came on the final hole when his tee shot literally disappeared from sight.

No one has yet determined where it went, but it cost Frank two penalty strokes to bring his total for the round to six.

Tom Weiskopf was one over par going into No. 15. He then took a four-over-par nine when he hit into the water, half topped the ball into a hole in the rough, then more rough. He flubbed two shots in succession, finally reached the

Department

Fails to Solve Problem

WASHINGTON (AP) - The killing of thousands of pigs by farmers demanding higher prices for them dramatizes a rising interest among farmers in direct action rather than continued reliance on the complex and elaborate federal programs designed to help them.

The direct approach is also evident in Congress, where farm legislation of an entirely new kind is being considered, based on the collective bargaining procedures guaranteed to labor and industry 30 years ago.

During those three decades, the government, in an effort to hold down farm production and stabilize prices, has erected a dizzying edifice of farm law.

It takes 108,000 people to run the Department of Agriculture and it was only half-jokingly that an amendment was offered a few years ago prohibiting the department from acquiring more employees than there were farmers.

Yet despite costly, often child bearing age may be able to get protection within a year against the birth damaging defects of German measles. The next epidemic of the disease is due about 1970.

That was a report on a new live virus vaccine against German measles given today by Dr. Maurice R. Hilleman of the Merck Institute for Therapeutic Research at West Point, Pa.

Hilleman said large scale tests are already under way in the United States and that by the end of the year up to 20,000 children in five different areas would receive this experimental vaccine. Tests of other vaccines will cover another 20,000 children.

The virologist said the vaccine successfully passed pilot tests with mothers and children in two suburban Philadelphia communities.

Hilleman couldn't say how many people would have to be given the vaccine before the Federal Food and Drug Administration ruled on its safety and effectiveness.

In the case of ordinary measles vaccine 10,000 were tested, and in mumps only 5,200.

At least three other vaccines using different strains of the virus are undergoing tests in the United States and abroad. The manufacturers also hope to get them on the market within the year.

German measles is a relatively mild disease that strikes mostly children and young adults. Until recently there seemed to be no need to prevent it but now doctors have proven that it causes serious congenital defects in children whose mothers were infected in the first trimester of pregnancy.

World wide epidemics of the disease normally occur every six years. During the last epidemic in 1964-65, 20,000 deaths within the womb were reported and 20,000 birth defects.

Hilleman, in reporting his findings at the annual meeting of the Federation of American Societies for Experimental Biol-

ogy, said the pilot study involved 527 children and their mothers in Havertown and Broomal, Pa.

Mothers May

Get Measles Protection

3,000 Miles Apart But Goals Same

By ED SCHUYLER JR., Associated Press Sports Writer

The classrooms are 3,000 miles apart, but the goals of the tests being given Saturday are the same—the Kentucky Derby.

Ten Derby eligibles are expected to be in the probable field of 13 3-year-olds in the Wood Memorial at Aqueduct, and four nominees are among the seven entered in the California Derby at Golden Gate Fields.

Both \$100,000-added, 1 and one-eight-mile events will be the last major preps outside of Kentucky for the May 4 Derby, with just the Blue Grass Stakes April 25 at Keeneland and the Stepping Stone Purse April 27 and the Derby Trial May 2 at Churchill Downs remaining.

There also was a Derby test slated for today at Keeneland—the seven-furlong Forerunner Purse with such candidates as Captain's Gig, Master Bold, T.V. Commercial, Tampa Trouble, Port Digger and Son o' Swoon entered.

The leading contenders for the Wood should be Peter Kissel's Iron Ruler, Elmendorf's Verbaline, Isidor Bieker's Wise Exchange and Peter Fuller's Dancer's Image.

Others expected in the Wood are Bugged, Clever Foot, Concocted, Danny's Runaway, Out Of The Way, Salerno, Sky Native, Sir Beau and Eastern Affair. The latter three were not nominated for the Kentucky Derby, a race in which supplementary nominations are not accepted.

The California Derby, richest horse race in Northern California history, shapes up as a battle among three colts who likely will be flown to Churchill Downs early next week if they turn in commendable performances.

The three are Don B. Wood's multiple stakes winner, Don B.; Mrs. Montgomery Fisher's Proper Proof and Gen. Winston W. Kraatz and Paul Thayer's Prince Pablo. The other Derby eligible is Ken Schiffer's Hall To Racing.

Single Skate Brings Defeat to the Flyers

By THE ASSOCIATED PRESS

A single skate beat the Philadelphia Flyers, while several pairs of flashing blades did in the Chicago Black Hawks.

A puck bounced off a skate—there is a question of whose skate—and into the net for what proved to be the winning goal in St. Louis' 3-1 victory over the Flyers Thursday night in the final game of the best-of-7 National Hockey League playoff series.

The swift Canadiens simply skated off and left Chicago, trouncing the Black Hawks 9-2 as the best-of-7 East Division final series opened in Montreal.

In the other game, the visiting

ernoon break at 5:15 on the dot by distributing to each desk another free cup of coffee or martini—as the employee desires.

"What about employee morale, Jim? Any suggestions about how to improve that?"

"Certainly," said Jim. "Most bosses think the hired hands spend most of the day griping about the low pay. That's not really true. Most employees know they are never going to get rich working in an office—or they are out of their pea-shelling minds if they don't."

"What really drives them off their rockers is the fact that the washroom is always running out of towels, the pencil sharpeners are too dull, the water coolers are usually out of order and there are too few meatballs in the spaghetti served in the company lunchroom."

"Any personnel director could keep a happy shop if he himself did nothing but carry towels to the washroom, sharpen the pencil sharpeners once a month, check the water coolers twice a day and see there are enough meatballs in the spaghetti."

"The curse of industry seems to be one-day absenteeism, particularly on Mondays and Fridays. How would you cure that, Jim?"

"That's simply—by appealing to human greed," replied Jim. "By holding a lottery each Monday and Friday morning among all the workers who were present, and giving a \$100 prize to the winner. No guy would stay home with a hangover or try to add another day to his weekend if he had a chance to win \$100."

Minnesota North Stars gained the right to meet St. Louis in the West Division final series by beating Los Angeles 9-4 and taking the semifinal set four games to three.

The game at Philadelphia was tied 1-1, when Larry Keenan scored for St. Louis at 10:45 of the second period.

Keenan said his shot hit the goal post, then hit Philadelphia defenseman Larry Zeld's stick and bounced off goalie Bernie Parent's skate into the net.

But Parent said the puck hit the post and then caromed off Zeld's skate and into the net.

The well-rested Canadiens, who won their series with Boston 4-0, zipped to a 7-0 lead before the weary Hawks scored a pair in the final period. Chicago played just last Tuesday night and beat New York for a hard-earned 4-2 series triumph over the Rangers.

The next game is in Montreal Saturday.

Minnesota made sure of the right to meet St. Louis in the series opening in St. Louis Sunday afternoon by banging home five goals in a little less than seven minutes in the third period.

Offense Puts on Show for Razorbacks

FAYETTEVILLE, Ark. (AP)

—The offense came out ahead of the defense in the Arkansas Razorbacks' scrimmage Thursday according to Coach Frank Broyles.

Broyles said he felt the offense "had the better of it" for the first time this spring.

Bill Montgomery, a sophomore from Carrollton, Tex., guided the offense to two touchdowns. One 60-yard scoring drive consumed four plays and the other three plays. Gordon Norwood also quarterbacked the offense to a score. Tommy Dixon returned a punt for a fourth touchdown.

Broyles said he was encouraged by the spirit in the scrimmage. "That's what we want," he said.

The Razorbacks will have a closed scrimmage here Saturday.

South Africa Wasn't Even Invited

LAUSANNE, Switzerland (AP) — The president of the organizing committee for the Mexico Olympic Games made it clear today that no invitation had been sent to South Africa—because we have no official information that the South Africans have been re-admitted to the games.

Pedro Ramirez Vasquez said, "We have not received any official word from the International Olympic Committee asking us to invite South Africa. We cannot act solely on press information."

"The IOC will request us to invite South Africa depending on decisions taken here by the executive board or by a later plenary session of the full IOC," said the Mexican Olympic chief.

The IOC will request us to invite South Africa depending on decisions taken here by the executive board or by a later plenary session of the full IOC," said the Mexican Olympic chief.

The executive board, under the presidency of 80-year-old American Avery Brundage of Chicago, was called into session after more than 40 countries threatened to boycott the Mexico Games if South Africa was allowed to compete.

South Africa was re-admitted to the Games on a postal vote of the 71 members of the IOC Congress during the Winter Games in Grenoble in February.

No official voting figures were given but unofficially it was reported that South Africa squeezed in by a majority of between three and five.

Chase Ends in Arrest of Five Persons

LITTLE ROCK (AP)

—Five persons were arrested Thursday following a high-speed chase through Little Rock and charged with possessing and attempting to cash stolen United States Savings Bonds.

The five were charged Thursday night in a complaint filed by the Secret Service with U.S. Commissioner John E. Coates. The Secret Service said the bonds were stolen in the burglary of a home at Flushing, N.Y.

The five were identified on the police arrest docket as Richard Joseph Arza, 37, of Miami Beach, Fla.; Frank Carbonaro, 28, of New York; Samuel Joseph Catrone, 48, of Brooklyn, N.Y.; Miss Patricia Ann Harkey, 24, and Miss Doris Ann Rollins, 26, both of Memphis.

Bond for the men was set at \$50,000 each. The women's bond was set at \$10,000 each.

Two Secret Service agents spotted the five persons shortly before noon Thursday in a white car with Tennessee license plates. The occupants of such a car were suspected of trying to cash some stolen bonds Wednesday at Hot Springs and Thursday at Little Rock.

The Secret Service agents gave chase but lost the vehicle after stopping for a pedestrian. Little Rock Police Sgt. L. L. Shemwell spotted the car a shot time later and pursued it at speeds up to 85 miles an hour.

Shemwell said he fired two shots at the car but his fire was not returned. He lost the car for a few moments but he and other officers found it moments later in a private driveway in Pulaski Heights.

Catrone and Carbonaro were arrested in a wooded area about a half mile from where the car had been abandoned. Arza was arrested about 30 minutes later about a mile away.

One shot was fired at the suspects in the wooded area, but no one was shot.

East Coach Named for All-Stars

LITTLE ROCK (AP)

—Roland Wells, who guided Turrell to within one game of a perfect season and the Class B state championship, has been selected as head coach for the East in the annual Arkansas High School All-Star basketball game.

Wells' selection was announced Thursday. It was announced earlier that Sidney Ragland of Pyatt had been selected to coach the West team.

The game will be played Aug. 10 in Barton Coliseum at Little Rock.

John Widner of Leachville, C. D. Taylor of Conway and Sammy Gill of McGehee will be Wells' assistant coaches. Ragland will be assisted by Ted Lyons of Crossett, Gene Hooks of Green Forest and Larry Burlison of Valley Springs.

Homebuilding Will Be Good Another Year

By GEORGE TAYLOR, AP Business Writer

NEW YORK (AP) — Most bankers and home builders expect 1968 to be a good year despite rising interest rates and higher building costs, a nationwide survey shows.

Industry spokesmen gave their views in an Associated Press survey concerning the industry's prospects.

Most of them expect 1968 to be better than 1967 but not without its problems. Some were less than enthusiastic.

It's the availability of mortgage money and its costs that overhangs the housing industry — and the would-be home buyer.

In Tallahassee, Fla., builder Al Albert, said the situation "in one word is rotten." Prices and money conditions have forced him out of the mass-produced home market he said.

"It seems money is getting tighter each week," said Sam Teague of the Leon Federal Savings and Loan Association in Tallahassee.

"The worst year in our history was 1966," Teague said, "and 1967 was good but it looks like 1968 is going to be about like 1966."

In Detroit, builders are apprehensive about labor costs after current contracts expire May 1.

"Undoubtedly home prices will go up," said William E. Stewart, secretary of the Detroit Association of General Contractors. "It's a very grim picture."

But to most of the industry the year looks good.

The National Association of Home Builders in Washington forecast 1.43 million housing starts this year, up from 1.3 million last year.

"There's been a continued high level of building despite the Federal Reserve's discount increase, largely due to the pent-up demand," a home builders spokesman said. The survey showed that interest rates are heading toward the 8 per cent mark in some areas.

The Federal Reserve boosted its discount rate one-half per cent in a money-tightening move at the height of the nation's gold loss crisis March 14. This increase in the lending rate the Federal Reserve charges member banks usually shows up in the individual banks' lending rates. The discount rate was raised again Thursday after the survey was completed.

Some industry spokesmen say peace in Vietnam would spark a

building boom and loosen up mortgage money.

"If peace is effected in Vietnam, look for a fantastic land boom in Southern California," says Sanford R. Goodkin, a Los Angeles real estate consultant.

John M. Wetmore, research director of the Mortgage Bankers Association of America in Washington, said peace would ease government military spending, lifting some heavy money-raising chores from the nation's capital markets and make more mortgage money available.

950 Are on Strike in Arkansas

LITTLE ROCK (AP) — A nationwide strike against the Bell System has affected about 950 persons in nine Arkansas cities, including 200 members of Local 6390 of the Communication Workers of America.

About 750 employees of the Southwestern Bell Telephone Co., left their jobs Thursday in respect for picket lines set up by members of Local 6390.

The only persons actually on strike are installers for the Western Electric Co., a subsidiary of the Bell System that makes and installs equipment.

Western Electric pickets were up Thursday at Little Rock, Conway, Fort Smith, Pine Bluff, Forrest City, Jonesboro, Fayetteville, Hot Springs and Camden, according to a Southwestern Bell spokesman. About 400 of the persons involved in the walkout are employed at Little Rock.

Officials said they expected to maintain almost normal service as supervisors took over many jobs. Local dial service and long distance direct dialing are not expected to be affected immediately.

Bell employees were reminded Thursday by Floyd R. Taylor, international staff representative of the CWA, that they are not on strike. He urged the employees to report to work each day to make sure the picket line was still up.

Hammerschmidt Filed Thursday

LITTLE ROCK (AP) — Rep. John Paul Hammerschmidt, R-Ark., who already has two Democratic opponents, filed Thursday for re-election.

Hammerschmidt is the only Republican member of Arkansas' Congressional delegation. Hardy Croxton of Rogers and Louis Johnson Jr. of Fayetteville had filed previously for the Democratic nomination.

Jacques Cousteau — TV's Replacement for Walt Disney

Just as the late Walt Disney and his wild life documentaries saved Hollywood from bankruptcy when the film industry was floundering in social-problem pictures so has television discovered its own Disney—one Frenchman by the name of Jacques Cousteau.

It's no surprise to those who have read his books, telling of a lifetime spent in exploring the oceans and their strange creatures—backing up the type-written text with magnificent color photographs.

Cousteau is the man who invented the aqua-lung, permitting deep-sea divers to patrol the depths independent of cumbersome air-hoses which used to tie them to their surface supply ship.

More than that, Cousteau some years ago attracted financial backing by the French and other governments, and by scientific groups including our National Geographic Society, and built a science ship, the Calypso, which ranged world-wide. I have two of Cousteau's books on the true-life adventures of the Calypso, and they are more fascinating than a Perry Mason who-dunnit.

Now the television networks have both National Geographic and Cousteau documentaries on the home screen at stated intervals—and they are the top attractions of all TV.

This week you had a chance to see both. The CBS network had a National Geographic Society special on Channels 11 and 12 at 6:30 p.m. Tuesday, April 16, "Portugal's Men of the Sea," which I missed seeing.

But Jacques Cousteau had a special this week also, and this one I caught—"Search in the Deep," one of his greatest. It was originally on ABC, Channels 3 and 10, at 7:30 p.m. Monday, April 15. I missed it then, but was told about it by Billy Dan Jones, Star mechanical superintendent who sketches our wild-life pictures and produces them in du-color.

Fortunately the Jacques special was transcribed from the network by Channel 7 and was given a playback by Channel 7 at 9 p.m. Thursday, April 18—and I saw all of it.

It was the story of Cousteau's invention of a one-man submarine with jet power plunging 800 feet below the surface of the sea and recording marine life. It was an absorbing adventure.

The Calypso expedition had set out to find the mating grounds of deep-sea turtles and how they fared in the fight for survival. Civilized governments have joined hands in recent years to control human poachers who are threatening the giant turtles with extinction.

But natural perils are terrible enough, so the Calypso found. The female turtle buries 100 eggs in the sand and then leaves, depending upon the sun to hatch them. When the baby turtles come to life they are strictly on their own, and instinctively head across the sand for the safety of blue water. But the enemy awaits.

The enemy is hundreds of frigate birds hovering over the breeding grounds to pounce on the helpless little creatures before they can cross the beach to the water. In the TV account the frigate birds snatched all 100 babies except for the dozen or so that the Calypso crew rescued and placed safely in the sea.

It was an unforgettable drama—100 tiny turtles scampering over the sand only to be scooped up by the enemy air force.

It was the old Walt Disney wildlife theme—some have to die that others may live—but it made you long for an automatic shotgun nevertheless.

Disruption Slight in Phone Strike

By NEIL GILBRIDE
AP Labor Writer

WASHINGTON (AP) — The biggest telephone strike in 21 years appeared to cause little initial disruption of service after 165,000 union members across the nation walked off the job Thursday.

Joseph A. Beirne, president of the striking AFL-CIO Communications Workers of America, urged another 500,000 employees of the Bell Telephone System to refuse to cross picket lines in support of CWA demands in the wage dispute.

Company officials promised to maintain most service with supervisors.

"We ask all employees to maintain and protect telephone service," said Ben S. Gilmer, president of the American Telephone & Telegraph Co., parent firm of the Bell System.

Both union and company officials predicted little trouble for telephone subscribers in placing calls except for long-distance and other services that require an operator. Installation of new phones also was sharply curtailed.

The strikers include 23,000 employees of the Bell subsidiary, Western Electric Co., who install telephone equipment in most areas of the nation, and some 140,000 Bell System telephone operators, clerks, repairmen, linemen and other employees in 16 states and the District of Columbia.

New England, Alaska and Hawaii are largely unaffected.

The last nationwide telephone strike, in 1947, lasted 44 days. The union has rejected company offers to increase wages 7.5 per cent over 18 months. The Bell System said the union is demanding 10.5 per cent. Telephone installers now average \$3.27 per hour and Bell System workers average \$2.79.

While conceding the strike will have little immediate effect on most telephone service, Beirne said that if company officials thought they could maintain the \$30 billion, highly computerized nationwide system for long without the strikers, "they must be taking something somewhat stronger than LSD."

The walkout provides a major test of the effectiveness of strikes against highly automated industries. Most calls, even long distance, can be dialed direct.

In addition to the nationwide telephone installers unit of Western Electric employees, the strikers include Bell System workers in Ohio, Illinois, Iowa, Indiana, North Dakota, Minnesota, Nebraska, Wisconsin, New Jersey, Michigan, Idaho, Northern California, Nevada, the state of Washington and Washington, D.C.

So-Called Efficiency Experts Overlook Key Factor—People Involved

By HAL BOYLE
NEW YORK (AP) — American business firms spend millions of dollars each year hiring efficiency experts to make their offices run more smoothly and productively.

These so-called experts make complicated time and motion studies and diagrams on how the office can be laid out, ideally, to get the work done better and more quickly.

In many cases it's all a big laugh to the white collar peons involved, and a waste of the management's own time and motion. For the efficiency experts overlook the key factor—the people involved.

"You can't make people work harder just by moving them around like they were pieces in a jigsaw puzzle," remarked a friend of mine, Jim Dodder. "For half what an efficiency expert charges, I could tell my boss easily how to double our office output."

As Jim has soldered successfully for 30 years on the same job, his opinion seemed worth listening to.

"How would you do it, Jim?" "By trickery and paying attention to the human factor."

\$1.7 Million Grant to L.R.

LBJ Calls Off Speech to Congress

By FRANCES LEWINE
Associated Press Writer

AUSTIN, Tex. (AP) — President Johnson has called off a planned speech to Congress that many had felt would include sweeping new attacks on big-city problems.

He told newsmen Thursday while flying home from California that since he had originally scheduled the address, Congress has passed a civil rights bill with a strong open-housing section. He said he therefore no longer sees any need for a special address to a joint congressional session.

Johnson announced April 5 he would appear before Congress. This word came a day after the assassination of Dr. Martin Luther King Jr. However, the President postponed his April 8 speech when he learned later that the slain civil rights leader's funeral was not to be held until April 9.

Johnson had said he would make recommendations and suggestions for action "constructive action in this hour of national need."

There had been speculation Johnson would propose major programs to meet the needs of the cities, many of them swept by violence following King's slaying. But it was also widely noted the Chief Executive already was under congressional direction to cut spending in the face of a mounting deficit—a price he had said he was willing to pay for enactment of his proposed 10 per cent surcharge on income taxes. That proposal is still before Congress.

The President, who resumed his vacation stay at the LBJ Ranch, was watching for a break in negotiations with North Vietnam over where peace contacts should be made.

Appearing relaxed on his return from a three-day Hawaiian trip, Johnson reported his talks there with President Chung Hee Park of South Korea were "very helpful to both" of them.

Search for King Slayer Intensified

By JAY BOWLES
Associated Press Writer

MEMPHIS, Tenn. (AP) — The nation's police agencies intensified a nationwide search today for Eric Starvo Galt, the elusive fugitive sought in the assassination of Dr. Martin Luther King Jr.

They were aided by thousands of wanted posters, just gaining wide distribution two days after the FBI publicly identified Galt, 36, as the man it had sought secretly since a week after the April 4 slaying.

The FBI refused comment on queries about whether it believes Galt is the man's real name or was simply a cover built painstakingly over a number of months by the beer-drinking lover of hillbilly music.

Two aliases—John Willard and Harvey Lowmyer—were listed on the federal conspiracy warrant issued against Galt in Birmingham, Ala., Wednesday afternoon and the first degree murder warrant issued by the state against him here Wednesday night.

"John Willard" was the name used by the man who checked into a Main Street rooming house three hours before King was shot as he stood on the balcony of a motel here. There has been no reference to the second alias.

The federal agency denied a report that it had taken into cus-

Increase in Rate of Interest Will Make Loans Harder to Get

By JOSEPH R. COYNE
Associated Press Writer

WASHINGTON (AP) — Americans face the prospect of harder-to-get loans at higher interest rates following the second increase in little more than a month in the Federal Reserve System's discount rate.

In what it termed an attempt to beat back accelerating inflation, the Federal Reserve Board stepped harder on the economic brakes in approving effective today a discount rate of 5.5 per cent for 3 of its 12 banks—New York, Philadelphia and Minneapolis. It had been 5 per cent.

The other nine banks are expected to follow in a move virtually sure to trigger higher interest rates on loans throughout the economy.

A nationwide AP survey showed meanwhile that interest rates on home mortgages are nearing 8 per cent already in some sections and the cost of an average home has climbed about \$2,500 since 1966.

The new rate is the highest since just before the 1929 stock market crash when it went to 6 per cent.

One government source said the boost from 5 per cent was not unexpected in view of congressional inaction on President Johnson's request for the 10 per cent income tax surcharge, pushed by the administration as an anti-inflation weapon.

A boost in the discount rate from 4.5 to 5 per cent in mid-March was designed to stem inflation and cope with the gold crisis which reached its peak at that point.

The board cited spiraling inflation and a desire to strengthen

Judge Was Once Hard Up Too

SPRINGFIELD, Mo. (AP) — Magistrate E. A. Barbour dismissed a vagrancy charge Wednesday against Jesse Eugene Gonce, 31, of Harrison, Ark., and recalled he was financially "hard up" once.

"You can't arrest a man just for being broke," Barbour said. "I remember once in Jefferson City I was out of money and I hitchhiked to Lebanon."

"I was a state senator then, incidentally," the judge said.

Bombers in Heaviest Raid of War

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — U.S. warplanes made their heaviest raids of the year on North Vietnam Thursday, flying the largest number of missions in nearly four months, military spokesmen announced today.

Hitting targets in the southern panhandle in accordance with President Johnson's curtailment order, U.S. pilots took advantage of clearing weather to fly 145 missions, one more than a year's previous record on Jan. 6. It was the largest number since Dec. 28, when 150 were flown.

The total was nearly triple the average number of missions the Americans flew against enemy supply routes, convoys and gun positions in the southern part of

Both U.S. Embassy and V-President Ky Deny Report CIA Fired Him

By BARRY KRAMER
Associated Press Writer

SAIGON (AP) — Both the U.S. Embassy and Vice President Nguyen Cao Ky today denied a report being investigated by a Senate subcommittee that the CIA fired Ky for smuggling opium in 1963.

The report, made to the Senate Foreign Expenditures subcommittee, said Ky commanded air crews in a secret CIA operation flying saboteurs to North Vietnam and took advantage of the setup to fly opium from Laos to Saigon.

The U.S. Embassy said there was "no truth in the story that Ky was removed from any position by any element of the U.S. government for opium smuggling or for any other reason." Asked if the embassy had any information connecting Ky with opium smuggling, an embassy spokesman said only: "There is no truth to the allegation."

The vice president just laughed when he saw the story, said a spokesman for Ky. "He said it was groundless news, and there is no truth to it at all."

The spokesman added that Ky took part in the flights over North Vietnam, "but he would not get involved in smuggling. You know he pays no attention to matters about money."

The Senate subcommittee's staff director, Joseph Lippman, made the report available to The Associated Press in Washington with the stipulation that the source could not be identified.

Lippman said the report was considered highly reliable. The subcommittee is headed by Sen. Ernest Gruening, D-Alaska, a critic of U.S. involvement in Vietnam.

The author of the report said he was sent to Vietnam in March 1962 by an American company to serve as an inspector and adviser to ground crews that maintained the aircraft used in sabotage missions.

The company, the report said, "was a fictitious company set up by the CIA and (an airline) operating from Saigon's Tan Son Nhut Air Base as a blind for a program called Operation Haylift."

"Operation Haylift was flying Vietnam agents into North Vietnam for the purpose of sabotage such as blowing up railroads, bridges and etc. When the program first began the CIA engaged air crews and their commanding officer was Col. Nguyen Ky who is now vice president of South Vietnam."

"To make a long story short, Col. Ky took advantage of this situation to fly opium from Laos to Saigon. Of course the CIA removed Col. Ky and his flight crew and they were replaced by Chinese Air Force pilots from Formosa."

According to the weekly Millwood Corps of Engineers report there were 29,439 persons visiting the reservoir during the past week.

Impatient, U.S. Lists 10 New Sites

TOKYO (AP) — North Vietnam in effect rejected today the latest U.S. proposal on the site of preliminary peace talks on Vietnam. It described the proposal listing 10 countries as "tortuous maneuvers" to delay contacts.

Hanoi's official Vietnam News Agency said a spokesman of the North Vietnamese Foreign Ministry issued a statement on the U.S. proposal set forth by Secretary of State Dean Rusk.

VNA quoted the spokesman as saying: "Within three weeks only, the United States, which at first did not set any conditions with regard to the choice of a site for talks, have come to pile up extremely absurd and insolent conditions."

Moreover the 10 places advanced by Mr. Dean Rusk failed to meet even the conditions posed by it.

The spokesman added: "The United States demands the choice of a site where the two parties have representations, but in the places advanced by Mr. Dean Rusk there are only U.S. embassies."

"The United States demands the choice of a neutral country, but many of the countries proposed by Mr. Dean Rusk are not neutral. Some are support bases for the U.S. war of aggression in Vietnam."

"The U.S. government's tortuous maneuvers, calculated to create additional difficulties and delay the preliminary contacts between the D.R.V.N. (North Vietnam) and the U.S.A., have exposed the American peace swindle."

Flash Floods on Smaller State Streams

By THE ASSOCIATED PRESS

Thunderstorms stalked Arkansas this morning, creating flash flooding on smaller streams and disrupting power service in West Arkansas.

A heavy thunderstorm was reported north of Van Buren early this morning that blew down signs and blew in windows. Some power lines were down and trees uprooted near Alma.

Hail, one-half inch in diameter, was reported 10 miles north of Van Buren and golf-ball sized hail was reported at Cadaverville (Crawford County). The Crawford County sheriff's office said the hail knocked out electrical power at Knederville.

The showers and thunderstorms are being triggered by a stationary frontal system across northern Arkansas near Blytheville to Fort Smith.
